GROCERY DEPARTMENT

25TH ANNIVERSARY.

Evangelical Lutheran Immanuel Congregation Preparing to Celebrate the Event.

On Sunday, April 26th, the Evangelical Lutheran Immanuel congregation of the east side, Rev. H. Maack, pastor, will celebrate the twenty-fifth anniversary of the organization of that church body. All the Lutheran congregations of this vicinity have been invited and will drop their services on that day to participate in this celebration.

To accommodate the crowds of visitors, Immanuel congregation have engaged the Opera House in which the three festival services will be held. The celebration will open with a German service of praise and Thanksgiving at 10 o'clock a. m., in which Rev. A. Krasche of Kellner will deliver the sermon. At 2:30 p. m. a second service will be held, Rev. Wm. Gieselman of the town of Sigel preaching.

In order to comply with the wishes of many who cannot understand the German language and have expressed the desire, also to hear a festival sermon at this celebration, the congregation has decided to arrange an English service, which will be held at 7:30 p. m. Rev. Wm. Nommensen, pastor of the Evangelical Lutheran St. Pauls church of the west side, has accepted to address the festival audience.

Further particulars of the event will be given in next week's paper.

Grace House Sold.

Martin Hanson, who had taken an option on the Henry Halvorsen property on Third street some time ago, has purchased the place and removed here with his family on Monday. It is Mr. Hanson's intention to continue the operation of a hotel at that place.

Mrs. J. R. Ragan is spending the week with relatives in Stanley.

University Banquet Attracted Attention.

The University of Wisconsin Club at Washington, D. C., gave a banquet in the national capital Saturday night at the Shoreham Hotel. Many graduates of our state educational institution who have won recognition in public life were present.

The speakers were Congressman John J. Ech, of LaCrosse; C. Edmonds LaVigne, of Grand Rapids; Congressman John M. Nelson, of Madison; L. A. Pratt, of Wausau, ex-assistant Attorney-General of the United States; Congressman Gustav Knutemann, of Green Bay; B. J. Price, of Hudson, deputy auditor for the Navy Department; F. J. Katz, of the Geological Survey; Congressman James A. Tawney, of Minnesota; and T. L. Cole.

A rumor that Senator LaFollette, a member of the club, would be induced for President attracted many newspaper men to the dinner. But the rumor was dispelled when the banquet was ended. One member explained that the club was purely a social organization which did not consider politics.

Among the variety songs and choruses intermingled with the toasts, some original verses written by Mr. Price entitled "Badger Boys and We," and sung by our Grand Rapids boys. Mr. LaVigne (by request), was announced in Washington papers as being received with marked enthusiasm. This song has been printed in different papers in the state and in the college publications of the University.

Resolutions of Respect.

Whereas, It has pleased Almighty God, in his wise providence, to remove from our midst to the higher life, our beloved and esteemed comrade William H. Brown, and whereas, while we bow in humble submission to the will of the sovereign ruler of this universe, we realize that in the loss of our comrade order has been bereft of a beloved comrade, and the community of a useful and upright citizen.

Therefore, be it resolved, that our flag and charter be draped in mourning for thirty days and that we express our deep sorrow to the afflicted family in this their time of mourning. And be it further resolved that these resolutions be spread upon the minutes of our Post records and also that they be published in the city newspapers and a copy thereof be presented to the family.

Sunday School Teachers to Meet

The Sunday school leaders of Wisconsin are planning a great State Convention to be held at Neenah-Menasha on Tuesday, Wednesday and Thursday, the 26th, 27th and 28th of May. Neither pains nor money have been spared in the production of a program that outranks anything of the kind ever given in Wisconsin. The array of talent secured is attracting unusual attention throughout the state.

These wide-awake Sunday school folks have secured Secretaries Lawrence and Pearce of the International force for addresses and conferences, and Prof. E. O. Excell of Chicago who is to lead the music in the International Convention at Louisville in June, and has led world's conventions to lead the Wisconsin convention this year. This trio alone makes any convention truly great.

At the Baptist Church.

Easter Sunday will be observed at the Baptist-Christian church next Sunday at the Baptist church. H. F. Barstow Minister.

Scandinavian Moravian Church.

Passion week services are being held several evenings this week. Wednesday evening at the home of Mrs. Wm. Johnson, Thursday evening in the church and Friday evening at the home of Mrs. Rocksted.

Easter Sunday services will be held as follows:

6 a. m., Sunrise prayer meeting.
9:30 a. m., Sunday school.
10:30 a. m., English preaching services.

11:30 a. m., Holy Communion.
3 p. m., Holy communion in Scandinavian at Rudolph.

7:30 p. m., Christian Endeavor meeting. Leader, Clark Choro.

At the regular morning service an offering for the running expenses of the congregation will be received.

Sunday morning, April 26th, Scandinavian preaching service.
We will be glad to see you at any or all of these services.

Will Soon Make Ice Cream.

The Chambers Creamery Co. will commence making ice cream on Friday of this week, and expect to be able to supply their patrons after that time.

The company expects to install one of the Wisconsin Ice Machine Co.'s plants this summer which will be used not only to freeze ice cream but will keep the refrigerator cool and furnish ice for the packing of cream. The company will have facilities for a large output when the new equipment is in.

Better Mail Facilities.

It is reported that the Wisconsin Central road will soon commence to carry mail. An effort was started several years ago to bring about this result, but the matter has moved very slowly up to date. It was reported today, but it seems that this was a mistake. It will be a great convenience to the people when this is established, although they now get mail over the Northwestern from both directions every day.

Diseases of the Chest, Throat, Liver, Heart and Blood and their Accompanying Symptoms.

Dr. F. B. Brewer, who has made regular visits for years, has made it a business of a life time to investigate and study.

He has proved that these diseases even in the stage considered beyond the ordinary method of treatment, can be cured by a rational and mild means, by a method of treatment permanently cured. Now physicians have the opportunity that Dr. Brewer has had in investigating and examining the various forms of this class of diseases. The fact of his practice being constantly on the increase, goes to prove the efficacy of his treatment. His reputation and success becoming so extended, the number of years that he has enjoyed it, his devotion to the pursuits and studies of his profession, one of the strongest and most competent testimonials that can be given him.

Dr. Brewer's next visit will be at the Hotel Dixon in this city on Thursday, April 30th.

Two Young Offenders.

Abraham and Ralph Eickborn, two boys who live in the neighborhood of Arpin, are in the county jail awaiting sentence from the county judge. The two boys are 11 and 13 years of age and it seems they have been pilfering from a creamery out in their neighborhood. The young fellows are said to be very wise for their age and their talk is such as would indicate that they have been associating with the toughest citizens they could find.

The new officers of the Elks lodge were installed on Tuesday evening.

Spontaneous Combustion.

The fire department was called out Friday night by an alarm, which upon investigation proved to come from a small building in the McKeith building on the east side.

The fire department responded and put the fire out when it was found that only a small hole had been burned thru the floor.

There was a box containing some old cloth in the building and it is supposed that the fire started spontaneously in these remnants.

Death of Curtis Mason.

Curtis, the eleven year old son of Mr. and Mrs. Mike Mason, died on Saturday, April 12th after a lengthy illness from spinal meningitis. The little fellow had been a great sufferer for some time before his death. The funeral was held on the following Monday from the Catholic church on the east side, Rev. Reeling conducting the services. Mrs. Mason has also been quite sick for some time past and the family are certainly entitled to the sympathy of all.

New Veterinarian Coming.

Dr. V. P. Norton has taken a partner in the person of Dr. F. C. Cottrell of Milwaukee, who is expected here the first part of next week to take up the work. Dr. Cottrell is a graduate of the Ontario veterinary college of Canada and a most capable of the New York college of veterinary surgery of New York City.

Dr. Norton's business has increased so much of late that he has been unable to attend to all of it himself, hence his determination to take in a partner.

Tax Case Settled.

The suit pending between the city of Grand Rapids and the Grand Rapids Pulp & Paper Co. was settled on Saturday night at a special meeting of the city council. The company agrees to pay the general tax, and the tax against the sawer district or that part of it which the company was supposed to pay, will be assumed by the city.

As this was about all that was asked by the company it can hardly be called a compromise. The amount that was not paid will have to be collected in the general tax by the city.

Erecting a Coal Shed.

Bossett Bros. & Co. have started the erection of a coal shed, which will be 32x140 and fourteen feet high. It will be located on the Wisconsin track near the stock yard. The structure will be of concrete and will enable them to keep a much larger supply of coal on hand than they have been able to do heretofore.

Easter Dance.

John Posley will give an Easter dance at his place at Viron on Wednesday evening, April 23rd. His orchestra will furnish the music and F. A. Miller will floor manager. Supper will be served during the evening.

Institute a Success.

The teachers institute held in this city last Friday and Saturday by County Superintendent Morse was a most successful one. There were about a hundred present, there being teachers and students from all over the county.

Paperhanging and Painting.

Interior finishing of all kinds. Our papering is first class. We also handle Alfred Peters' wall paper and will be pleased to call at your residence and give you our order at reasonable prices. Nelson Laramie.

E. M. Coups of Stevens Point was in the city on Friday transacting business.

Death of Mrs. John Hamm.

Mrs. John Hamm, wife of John Hamm, Jr., died very suddenly on Sunday afternoon at her home in the town of Rudolph.

Deceased was a daughter of Fred Reusch and was well known in this city as well as the town in which she lived. She is survived by her husband and one child, the latter an infant.

Mr. Hamm had been at a neighbor's house that evening and when he returned home found his wife lying on the floor dead, where she had apparently fallen without a struggle. The funeral was held at ten o'clock this morning from the Catholic church.

Card of Thanks.

We wish to thank those kind neighbors and friends who aided us so willingly during the sickness and after the death of our son, Curtis. Mr. and Mrs. M. Mason.

J. Q. Daniels of Dubuque was in the city on Monday and Tuesday on business.

EASTER

Our showing of the New Fads and Fancies in Clothing, Hats, and furnishings are attracting the most favorable comment.

The week preceding Easter Day will be one characterized by specially attractive values in Spring Suits and Top Coats at THE SINCERITY STORE. We have reason to extol the artistic merits of our clothing from the standpoint of style and worth. If your clothing purchases have been delayed until now, you will do well to see the new patterns just received, and the splendid line of new shirts and bright-hued neckwear to be found in our furnishings section. There is a "snap" and "go" to the new spring styles that you will find most pleasing. In all our experience we have never sold clothing which fit so perfectly as Sincerity Clothes; and you must bear in mind the important fact that our clothes enjoy the reputation of being the best made in point of workmanship of any make of clothing, in addition to their style and cloth quality. You will be immensely pleased at the variety of styles and splendid selection of patterns, and as usual, you will find here such moderate prices as will appeal to your idea of true value.

Advertising Rates.—For display matter at rate of 10 cents an inch is charged. The columns of the Tribune are 24 inches long, making a one column advertisement cost \$2.40 for one insertion. All local notices, cards of thanks, resolutions of respect, and all notices of entertainments where an admission fee is charged will be published at 5 cents per line.

Electrical Flashes.

The street railways of Chicago, it is said, have made arrangements to run special funeral cars to the city cemeteries. Each car will seat forty people and contain a special compartment for the casket. The cost of hiring such a car is only about \$20.00 while the regular carriage hire for such an occasion is about \$7.00 for each carriage used.

In Preston, England, the power generated by the city's waste is sufficient to operate the electric railways. This is a suggestion for the wasteful cities of this country.

The big Salinas tunnel in Western Montana is being bored by electric power generated by nearby streams. The trains to be run through this tunnel when it is finished will be hauled by electric engines. The Chicago, Milwaukee & St. Paul railroad has secured other water rights which it is estimated, will generate nearly 200,000 horse-power.

For the production of local and domestic heat directly where it is wanted electricity is in a class by itself. For facility and flexibility of control as to the degree of heat it has no rival.

The electric light in the dark clothes closet which lights when the door is opened is one of the most useful adjuncts to the home.

Bioprints in large draughting departments are now made by machine. The prints are made with mercury arc lights and the drawing is turned with electric motors to insure an even print. The prints are dried after the fixing bath with an electric fan.

Buenos Aires is to have an underground railway.

A company of Humberg, Germany, business men has been formed to erect a tidal power plant at the mouth of the river Elbe near Olkahu. The obb and flow of the tide will be utilized to develop electrical energy of 14,000 h. p. A recent test is said to have demonstrated the practicability of the plan.

A \$600 a minute, day or night, penalty has been agreed upon between the New York Edison Company and the city of New York for failure to supply power for the pumps of the new high pressure water main system. Electric fans are now being made very small for desk and table use. The large fans produce too much noise for this service.

If all the telephones made last year were one telephone the monster instrument would be 300 miles high and would weigh 4000 tons.

A wireless telegraph station is being installed in the Eiffel tower by the French government. It is hoped to send messages to New York.

The Cia Central railway of Bahia, Brazil, has placed an order with the General Electric Company of New York for considerable new railway equipment. The order includes a number of motors, controllers and air brake systems.

Tokio, Japan, has 90 miles of electric street railways. The track is narrow gauge but the cars are broad. The projects for electric railways in that country since the war have aggregated an estimated expenditure of \$800,000,000.

An ingenious inventor has patented an electric foot warmer which is in the shape of a pair of light felt over shoes. An electric battery supplies the source of current and insulated wires are the heating element. When the "boots" are pulled on a touch of a button starts the current and the foot is soon comfortable in a genial warmth.

The Danish government is very much interested in the development of electric power from wind. An appropriation has been made for experiments. Thirty wind-power electrical plants are now in operation through Denmark.

The Jefferson hospital of Philadelphia has just purchased an electric ambulance. The machine is of the most approved type.

Sugar Beets Successful.

During the past two years experiments have been carried on with sugar beets at Iron River on sandy soil. In 1906 a yield of nearly nine tons per acre was obtained of sugar beets which were above the average in quality. In 1907 the yield averaged over nine tons per acre, with the average sugar content 19.38 per cent against 16.00 per cent the previous year. The experiment showed that nitrogen is the one element that needs to be supplied for raising a good crop of sugar beets on this soil. From the results obtained, it seems that the climate of the Lake Superior region is especially well adapted to the growing of sugar beets.

Notice to Farmers.

The 34th annual report of the Agricultural Experiment Station is now ready for distribution. This volume of 487 pages, is a summary of the practical and experimental work of the Experiment station for the last fiscal year. Residents of the state desiring a copy may obtain same, as long as the edition lasts, by sending postal card request to Agricultural Experiment Station, Madison, Wisconsin.

YESPER.

The Chicago, Milwaukee & St. Paul Railway will discontinue to carry mail into Yesper after April 15, 1908. After that date the Wisconsin Central Railway will carry mail to Yesper four times a day and the Chicago & Northwestern Ry. twice a day, making a total of six mails a day which is quite an improvement. Seven years ago Yesper only had one mail a day. Thanks to our assembly men and congressmen.

Gas Ratzliff will move into his father's tenant house on the farm some day this week and Mrs. Henry and family will move into Henry Peterson's house vacated by Gus Ratzliff.

New Marriage Regulations to Guide Catholics.

Rt. Rev. Bishop Schwabach of La Crosse, has sent forth a circular letter containing instructions regarding the new marriage laws, which go into effect on Easter Sunday, to the pastors in this diocese. Some of the most important features of the new regulations are as follows:

1. In future no dispensation for mixed marriages will be granted unless the non-Catholic party has taken instructions from the priest twice a week during six weeks on Catholic doctrine as well as on the sacrament of marriage in particular, and the duties connected with married life. Therefore application for a dispensation should be made only after the six weeks' instructions have been given.

2. According to the new law spouses or betrothals are to be encouraged and these are to be written as expressly stated in the law. For this diocese those betrothals in made at all, should be made at least four months before the time set for marriage.

3. All marriages between Catholics should be solemnized at the nuptial mass and pastors should insist on this.

4. No marriages of any kind are allowed to be performed in private houses. Mixed marriages must be performed in the pastoral residence, nor are these allowed after 9 o'clock p. m. No Catholics are allowed to act as witnesses, that is as bridesmaids or groomsmen, at a marriage of any kind before a Protestant minister.

5. The bans or calls must be published on three Sundays or holy days when there is a concourse of people, and pastors should not be too easy asking dispensations from them. They must be published not only in the church in which the ceremony is to be performed, but in the parish churches of both parties in case they belong to different parishes.

6. Engagements—No engagement shall be valid unless it is drawn up in writing and signed by the contracting parties and two witnesses; it is desired but not necessary, that it be signed also by the priest. If the contracting parties cannot write, the fact must be noted and a third witness added. This does not mean that without such formal engagement a marriage will not be permissible, but that an engagement without these formalities will not produce the canonical effects, such as impediments and the right to legal action in the ecclesiastical courts.

7. Marriages.—No marriage will be valid which is not contracted before a pastor or priest delegated by a pastor or ordinary, and two witnesses.

8. If a priest cannot be called within a month, two witnesses without a priest will suffice for a valid marriage.

9. Licenses.—1. The priest must ascertain that the parties are free.

2. That parties must have a domicile, i. e. must have lived at least one month, within the parish limits, otherwise permission must be obtained from their pastor.

3. "Vagi" can not be married without permission from the Ordinary himself, unless there be a necessity of immediate marriages.

4. The pastor must be the pastor of the bride; only a just cause excuses from this provision.

5. In cases of dangerous illness, to legitimize an offspring, any priest may assist with two witnesses.

SIMPLE WASH CURES ECZEMA.

Itching, burning skin disease routed without use of injurious drugs.

Great numbers of patients have been cured by the use of the simple wash. The same thing happened in the medical world in the case of Dr. Dacotar D. Dennis, the eminent skin specialist of Chicago.

Dr. Dennis, in his own office practice, discovered that pure vegetable oil of wintergreen, properly mixed with other simple remedies was practically a sure specific for Rosacea, psoriasis, barber's itch, salt rheum and other itching skin diseases. But the oil of wintergreen alone was found ineffective. It required other mild ingredients such as glycerine and thymol compounded with the wintergreen to produce the real eczema cure.

This compounded D. D. Prescription positively takes away the itch at once—the instant it is applied to the skin. This vegetable liquid does away with all the drugs so long used in an attempt to doctor the blood, whereas modern science has determined that eczema is first and all the time a skin disease.

If you want to know more about the merits of D. D. D. Prescription, call at our store. We vouch for this remedy. John E. Daly.

Clover Makes Fertile Soil.

Although alfalfa stands pre-eminently at the head of all forage crops for its feeding value, its culture is not so necessary in Northern Wisconsin, as clover grows well and yields good crops. The importance of clover is due not only to its high feeding value for all classes of stock, but to its value for increasing and maintaining soil fertility. Clover supplies nitrogen and humus to the soil, two necessary fertilizing constituents which are largely lacking in woodland soils. Every farmer should plan to grow a crop of clover at least once in four years on each division of his farm.

An Insidious Danger.

One of the worst features of kidney trouble is that it is an insidious disease and before the victim realizes it, his danger may have a fatal malady. Take Foley's Kidney Cure at the first sign of trouble as it corrects irregularities and prevents Bright's disease and diabetes. Daily Drug & Jewelry Co. and Johnson & Hill Co.

A test is to be made in the courts of the road law passed by the last legislature requiring every county board to adopt a county system of roads and elect a county highway commissioner. Many of the county boards, among them the Wood county board, declined to comply with the law at their sessions last fall, as they deemed it an expensive experiment and lawyers advised that the law is unconstitutional. In Dane county a suit has been commenced against each member of the county board to compel them to comply with the law. This case is to be advanced as rapidly as possible to the supreme court, so that a decision may be reached before the time for the county boards to meet this fall.

Council Proceedings.

Council Rooms, Apr. 7, 1908.
Council met in regular session. Quorum present.

The day being a legal holiday, the council adjourned until April 8th, 1908 at the usual hour.

C. E. Beck, W. E. Wheelan, Mayor.

Council Rooms, April 8th, 1908.
Council met in adjourned regular session. Mayor Wheelan presiding. Present:—Aldermen Arpin, Steib, Robinson, Nison, Getzfall, Pantor, Kowalski, Lukasecki, Jackson, Rislow, Roessler, Lyon and G. M. Hill.—18. Absent:—Aldermen A. D. Hill, Ellis and Hansen, 3.

On motion, the reading of the minutes of the March meeting was dispensed with.

The committee on general business to whom had been referred the petition of Boserst Bros. & Co., for license to build, construct and maintain a certain side track, reported recommending that the petition be granted. On motion, the report of the committee was adopted.

The sewer committee, to whom had been referred the petition of Rev. J. M. Korczyk et al., praying for the construction of a sewer on Tenth Avenue North, south of Fremont Street, recommended that the sewer asked for in the petition be granted, the same to extend south from Fremont St. on Tenth Avenue about 150 feet, more or less, and recommending that the sewer be of 18 inch pipe. On motion, by unanimous vote, the report of the committee was adopted and the sewer ordered constructed.

The following communication was received and read, on motion, referred the committee on sewers.

Grand Rapids, Wis., Feb. 14, 1908.

W. Ellis, City Clerk.

Dear Sir:—J. C. Boll requested to write to you as a member of Common Council and of the committee on sewers. He complains of the most impassable condition of Fourth street, caused by surface water, which at times is from one to two feet deep and overflows the walks on the east side of Fourth street, and runs in his basement and is doing considerable damage to the wall under his house. A grade was established on Fourth street some years ago but has never been brought up to grade this together with the fact that the cross walk along Oak street, across Fourth Street, is up to a damming the water and prevents it from flowing off.

The difficulty can be easily remedied by putting in a catch basin at the corner of Oak and Fourth streets. Kindly give the matter your attention at the next meeting of council, and advise.

Very truly yours,
Geo. H. Mekcal

"The Hon. Mayor and Common-
council of the city of Grand Rapids,
Gentlemen:—In company with a
erman Rubelsak, I made an in-
pection of the water conditions in
ward and found the territory
of the G. B. & W. track flooded
the water from the marsh to the
nth of the railroad the 15 inch
n on Daly Street being of in-
sufficient capacity to carry the large
ount of water that comes from the
marsh.
I believe if sewer pipes were laid
along the west curb line of Daly
street (now 10th Ave.) and connected
with the pipe culvert under the G.
& W. track, that this in connection
with the proposed ditch along the ½
ave. of Soc. 6 from the Sigel road to
e river, would do away with any
touble trouble from floods in that
uality and I would recommend that
the matter be referred to the sewer

April 10th--Pay D

Many thrifty people have learned about the only practical way to save is to deposit a part of each pay check in a Savings Bank.

They live on the balance the month, though the check is a little smaller at the end of the year they have a sum to bank. The compound interest helps make the account grow.

Syracuse Reversible

Arranged for Two or Three

Syracuse Reversible is a selective plow. Many farmers, unable to follow a hand, deciding on the SYRACUSE simply say "I rejoice over this selection."

Here Are a Few of Their Reasons

It turns one way, thus avoiding all adjustable by ratchet for ever guiding a wing width of furrow and holding plow perfectly adjusted for hillside or level. It can be used with a hand plow--Time saved by the plow at your dealer's or write us.

The two important elements in feed are the proteins, or tissue forming elements, and carbohydrates, or fat-matters. In breeding- and growing stock thought should be had for the feeds rich in protein, as clovers, milks, and vegetables and wheat middlings.

Good Words for Our Mayor.

To the Editor:
Frank X. Pomainville, mayor of Grand Rapids! This reads well and sounds well to the great majority of Grand Rapids' past-for-her-Advancement people. In looking over the troubled field from this corner of Wood county, without considering question of party lines, it appears that in selecting a thoroughly conscientious man for the highest position in the city of her citizens, our county seat city voters have chosen wisely and intelligently. Mr. Pomainville is a man of pleasing disposition, approachable, dignified, self-reliant, forceful and fluent speaker. In his new role, the people whom he represents need not entertain no fear or anxiety as to his ability in making good on all occasions, be they simple or complex. The world nowadays frequently needs lightly over the rising qualifications of men mortally exhausted, personal prejudice or disinterestedness, hence, when one among many is justly recognized, as in this case, it affords an especial gratification to congratulate the voters of Grand Rapids on having elected as their chief executive lion, Frank X. Pomainville.

LOCAL ITEMS.

The Equitable and Fraternal Union held a social session at their hall last Wednesday evening at which there was a very pleasant time. There were talks by Rev. C. B. Blakeslee and Prof. Youker, besides music and singing, and during the evening supper was served. There was a good crowd in attendance and everybody had a splendid time.

The Tribune office has several grades of typewriter paper for sale, all put up in neat boxes. Also one of the latest line of manuscript covers to be found anywhere. We may be able to save you some money on paper if you will call at the office and look us over.

Next Sunday is Easter and all the churches in the city have prepared special services and music for the occasion. As Easter comes unusually late this year, the chances of having good weather for the day are better than usual.

There was a large crowd in attendance at the stock fair Tuesday. Quite a number of horses were brought in for sale, but many of them were not what could be justly called "high steppers."

Gay Datcher of Kalamazoo, Mich., spent a few days in the city during the past week, a guest at the home of Mr. and Mrs. Sam Church. Mr. Datcher left on Tuesday for home.

Klein & Young have moved their new factory to the building on Baker street formerly occupied by Rowson & Chapman as a carriage shop. They are now much nearer the business district than before.

The trout season opens today and all of our enthusiasts who can spare the time are taking a layoff and are engaged today in acquiring a fresh spring coating of tan and freckles. Tuesday and hot and sultry for this time of the year and many jumped to the conclusion that summer was here. A relapse to 40 above this morning quickly dispelled the idea.

Harry Powell of Oshkosh, who played ball with the Tigers last season visited with friends here several days last week. Harry has signed with the Manitowish team for this season.

Mrs. Nellie Gates of Wittenberg has been the guest of her sister, Mrs. Emil Garrison at Port Edwards during the past week, leaving for home this morning.

E. A. Weeks and family, who have formerly resided at Wautoma, arrived in the city last week and have leased the Chas. Pomainville home on Third street.

L. M. Nash, Orator Garrison, F. J. Wood and Sam Church left this morning for Wild Rose where they will spend the day fishing trout.

Leola Fournier departed on Monday for Prairie du Chien where he will spend several weeks taking treatments for rheumatism.

Mr. and Mrs. T. W. Brazeau returned on Monday from Chicago where they had spent a week taking in the sights.

Mr. and Mrs. Jos. Z. Ardin of Atlanta spent several days in the city the past week visiting with friends and relatives.

Dr. Karl Baker and Warren Baker are spending a few days this week in the vicinity of Greenwood fishing for trout.

Frank Shafer of Winona, Minn., has accepted a position with the Kaedy Mfg. Co. as varnisher.

A. O. Bennett of Orono was in the city Tuesday shaking hands with his friends.

Officer Michael Mason took John Hensley of Ashburndale to the asylum at Oshkosh on Tuesday.

Patrick Flanagan, Sr., and Patrick Flanagan, Jr., of Vesper were in the city Tuesday on business.

S. H. Smart is spending a few days in Adams county where he will fish trout and visit with friends.

Gus Schuman has commenced the erection of a new residence on Eleventh street.

Attorney J. W. Cochran goes to Marshfield and Eau Claire today on business.

Geo. W. Purnell the hardware man, is in Chicago this week on business.

Joe Robitsek of Marshfield transacted business here on Tuesday.

Spring House Cleaning

leads every shrewd housewife to think
of something she needs to help beautify
or add to the comfort of her home.
If you get married this Spring, you
simply can't afford to do any house
furnishing without first seeing us. How
much does it cost to furnish a home?
That's the question, and our answer is
"very little, if you know where to buy
and how to buy." Certainly we will
say buy here. We'll teach you how and
it will be a lesson in economy.
Our new Spring stock has just ar-
rived and every nook and corner of our
big store is filled with good furniture.

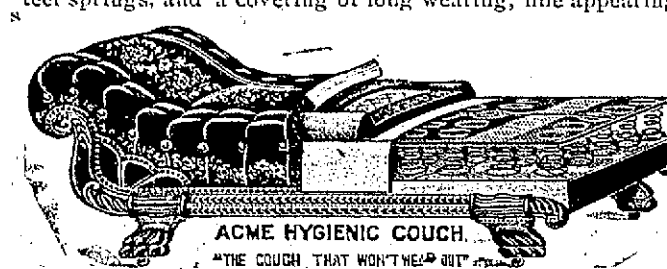

Let Us Furnish your home

Your home should be comfortably
and attractively furnished if you wish
the joys of married life to be complete,
not rickety, thrown-together furniture,
but good substantial, serviceable fur-
niture of the better sort—furniture that
commands attention in the most eleg-
antly furnished home.
It's our big quantity buying ability,
that enables us to get the sterling worth
furniture at less price than the ordinary
tradesman. Real, genuine goodness in
furniture can always be found in this
thoroughly complete and trustworthy
stock, equalled nowhere else.
REMEMBER! We are now located
in the Spafford & Cole brick building,
occupied for many years by Spafford &
Cole and J. T. Schumacher as a store.
